

Joining DigitalOcean!

2018

1 min read • 80 words

I'm very happy to announce that I'm officially joining the DigitalOcean developer relations team, just in time for PyCon US 2018! I couldn't be more excited :)

I'll be at the Digital Ocean booth periodically, if you want to come say hi! I'll also have some presence at the PSF booth as well.

Heroku will always hold a special place in my heart and soul. I've been working there for 6.5 years, and it's time for something new :)
